4<sup>th</sup> International industrial conference  
EAF STEEL PRODUCTION: TECHNOLOGY, EQUIPMENT AND MATERIALS

13<sup>th</sup> February, 2020. Moscow, Golden Ring Hotel, Smolenskaya str. 5, Sergiev Posad Hall

14<sup>th</sup> February, 2020. Visiting Belarusian Steel Works, town Zhlobin, Belarus

---

Letter No-19

**Dear Colleagues,**

We invite you and employees of your company to take part in the 4<sup>th</sup> International industrial conference «EAF Steel Production: Technology, Equipment and Materials».

The conference is oriented to technical managers and specialists of enterprises and steel melting shops where are used EAF (electric-steelmaking shops of integrated plants, mini-mills, cast-rolling complexes, enterprises of special steels and of special metallurgy).

On 13<sup>th</sup> February 2020 in the course of plenary sessions there will be addressed issues of EAF operation and service taking into consideration new opportunities in the sphere of automation and digitalization as well as ways of cost reduction and increasing reliability of electric-steel melting shops equipment.

On 14<sup>th</sup> February 2020 for participants of the event there will be organized the visit to Belarusian Steel Works (town Zhlobin, Belarus) with inspection of electric steelmaking production and continuation of views interchange on practical issues.

The brochure and the registration form are enclosed.

Sincerely,

Sergei Oposhniansky  
General Director  
Eurasian Metals Magazine
